Who is Skyview Equipment?

Skyview Equipment operates two retail dealerships in St Joseph, Mo, & Hiawatha, Ks, We also have Mainero USA, an ag equipment distribution company at the Hiawatha location. New Holland ag & construction equipment are our flagship manufacturers for the dealerships. We also have other popular brands like Kinze, Dalton, Bush Hog, Schulte, J&M, Mainero, HoneyBee, Bad Boy, Scag & Gravelly. We are a local, family owned business. Jarrod & Jennifer Whitson live just outside St Joseph, Mo on the family farm. They work in the dealerships daily so you have direct communication with the owners anytime.

What does being a technician with us consist of?

This person will have education & or experience in diesel engines, hydraulic systems, and electrical systems. This person will contribute to the success of the service shop by performing the tasks listed below on a variety of agricultural equipment, including tractors and other farm machinery at the dealership & at the customer location via their company provided service truck.

- Perform routine maintenance on agricultural equipment, including oil changes, filter replacements, and lubrication of moving parts
- Diagnose and repair mechanical, hydraulic, and electrical problems on agricultural equipment
- Use diagnostic tools and equipment to identify and troubleshoot problems
- Keep accurate records of all maintenance and repairs performed
- Communicate effectively with team members and customers regarding repairs and maintenance needed
- Adhere to all safety procedures and guidelines

Where is the job?

Our technicians will work full time at which ever dealership they are hired for in the service shop and out in the field for service calls. This person will have an assigned service truck to provide customers in the field repairs at their location. The day typically starts at the dealership getting jobs lined up with the service manager & getting parts together for the jobs for that day. The rest of the day is spent out in the field visiting those customers to diagnose repairs or performing the repairs that are needed.

Who is a good fit for this job?

We take a simple approach to who we have as part of our business. Requirements are to be punctual, respectful, with a good attitude & work ethic.

Preferred qualities are

- Previous experience or education as a diesel mechanic, technician, or other related fields
- Knowledge of diesel engines, hydraulic systems, and electrical systems
- Ability to use diagnostic tools and equipment
- Ability to read and interpret technical manuals and schematics
- Good problem-solving skills
- Strong attention to detail
- Ability to work independently and as part of a team
- Valid driver's license and reliable transportation

Compensation package

- Hourly wages that are competitive without the burden of extra incentives.
- Health insurance where the company covers half the cost of the premium, even on dependents. Coverage starts on the 1st day of the month following hire date. (No company waiting period)
